

FUTURE-PROOFING YOUR PROJECTS

A General Contractor and Architect's Guide to Electrification

 **Thursday, February 19**

 **9:00 AM - 10:00 AM**

Join South Coast Air Quality Management District for a free webinar to support contractors and architecture professionals. In this webinar, you'll learn:

- ✓ The importance of comprehensive electrification planning
- ✓ Why commissioning is important for HVAC systems
- ✓ The benefit of keeping ductwork within the building enclosure

Don't miss this opportunity to stay ahead of the curve!
