## South Coast AQMD Issues Windblown Dust Advisory for Coachella Valley

*Valid until Wednesday 5:00 AM*

### Current Conditions

To view current air quality in your neighborhood, download the [South Coast AQMD app](#) or visit [www.aqmd.gov/AQImap](http://www.aqmd.gov/AQImap).

**Forecasted Air Quality Impacts**

- Winds from the west with gusts up to 50 mph are predicted in the northwestern Coachella Valley below the Banning Pass at times through Wednesday morning.
- Blowing dust may result in PM10 levels in the **Unhealthy** or higher AQI categories in the Coachella Valley at times from Monday evening through Wednesday morning, with the highest AQI expected in the northwestern part of the valley.
- Air quality can vary by hour and location depending on wind conditions.

**Detailed Forecast**

<p>7 PM Monday through 8 AM Tuesday</p>	<p>AQI is predicted to range from <b>Good</b> to <b>Unhealthy</b> or higher at times, with the highest AQI in northwestern Coachella Valley. Wind gusts and PM10 levels are predicted to peak around 11 PM Monday.</p>
<p>9 AM Tuesday through 5 PM Tuesday</p>	<p>Winds decrease during the day on Tuesday. AQI due to PM10 in the <b>Good</b> to <b>Moderate</b> categories is expected.</p>
<p>5 PM Tuesday through 5 AM Wednesday</p>	<p>Winds are predicted to increase starting 5 PM Tuesday. AQI due to PM10 in the <b>Good</b> to <b>Unhealthy</b> or higher categories is expected at times, with the highest AQI in northwestern Coachella Valley. Wind gusts and PM10 levels are predicted to peak around 10 PM Tuesday.</p>

*South Coast AQMD will issue an update if additional information becomes available.*

**If you are in an area impacted by windblown dust or ash:**

- Limit your exposure by remaining indoors with windows and doors closed or seeking alternate shelter.
- Avoid vigorous physical activity.
- Run your air conditioning and/or an air purifier. If possible, do **not** use swamp coolers or whole house fans that bring in outside air.
- Help minimize dust pollution by stabilizing loose soils and slowing down if driving on dirt roads.

For more information, see the [EPA Guide for Particle Pollution \(PDF\)](#).

South Coast AQMD is the regulatory agency responsible for improving air quality for large areas of Los Angeles, Orange, Riverside and San Bernardino counties, including the Coachella Valley.
