## South Coast AQMD Issues Windblown Dust Advisory for Parts of the South Coast Air Basin

*Valid from Tuesday 3:30PM to Wednesday 11PM*

### Current Conditions

- As of Tuesday at noon, the National Weather Service (NWS) has issued a Wind Advisory for the area.
- Visit the NWS San Diego [www.weather.gov/sx](http://www.weather.gov/sx) for more information.

To view current air quality in your neighborhood, download the [South Coast AQMD app](#) or visit [www.aqmd.gov/AQImap](http://www.aqmd.gov/AQImap).

### Forecasted Air Quality Impacts

- High winds may cause blowing dust and particle pollution (PM10) levels in the **Unhealthy** or worse Air Quality Index (AQI) category at times in parts of the Inland Empire, Orange County, and South Coastal LA County on Tuesday and Wednesday.
- North to northeast Santa Ana Winds with gusts up to 45 miles per hour are expected.
- Air quality can vary by hour and location depending on wind conditions.

### Detailed Forecast

Tuesday daytime	AQI may reach <b>Unhealthy</b> or higher levels on Tuesday.
Tuesday night	Winds are expected to decrease in some areas on Tuesday night, which may result in lower PM10 levels. AQI may continue to reach <b>Unhealthy</b> or higher levels at times in some areas.
Wednesday	Winds are expected to increase starting Wednesday morning. The highest winds and PM10 levels are expected between 7 AM and 5 PM Wednesday. AQI may reach <b>Unhealthy</b> or higher levels at times.

South Coast AQMD will issue an update if additional information becomes available.

#### If you are in an area impacted by windblown dust:

- Limit your exposure by remaining indoors with windows and doors closed or seeking alternate shelter.
- Avoid vigorous physical activity.
- Run your air conditioning and/or an air purifier. If possible, do not use swamp coolers or whole house fans that bring in outside air.
- Help minimize dust pollution by stabilizing loose soils and slowing down if driving on dirt roads.

For more information, see the [EPA Guide for Particle Pollution \(PDF\)](#).

South Coast AQMD is the regulatory agency responsible for improving air quality for large areas of Los Angeles, Orange, Riverside and San Bernardino counties, including the Coachella Valley. For news, air

quality alerts, event updates and more, please visit us at [www.aqmd.gov](http://www.aqmd.gov), download our award-winning app, or follow us on [Facebook](#), [X](#) (formerly known as Twitter) and [Instagram](#).
