1

Meeting Agenda

- Summary of Previous Working Group
- Comment Letter from BNSF
- Intro to Potential Technology
- Next Steps
- Staff Contacts

2

Summary of Working Group Meeting #1

- ❑ Staff presented background for Proposed Rule 2306 (PR 2306) rulemaking
- ❑ Highlighted two proposed new intermodal facilities within the South Coast AQMD jurisdiction
- ❑ Discussed the following topics:
 - Limitations of CEQA
 - Concerns with local impacts to nearby Environmental Justice communities
 - Federal ambient air quality standards and general conformity
 - Potential emission sources at new intermodal facilities

3

Comment Letter from Burlington Northern Santa Fe Railway

- ❑ On September 15, 2021, Burlington Northern Santa Fe Railway (BNSF) submitted a comment letter providing feedback on topics covered during Working Group Meeting #1
 - Comment letter is made available on the South Coast AQMD website¹
- ❑ Staff will respond to comments during a future working group meeting

¹Available on the Proposed Rule 2306's website, at <http://www.aqmd.gov/docs/default-source/rule-book/Proposed-Rules/pr-2306/bnsf-comment-letter-to-scaqmd-rule-2306-presentation.pdf?sfvrsn=6>

4

Introduction to Potential Technologies for PR 2306

- ❑ Since the previous working group meeting, staff has initiated discussions with technology providers for:
 - Locomotives (Line-Haul and Switcher);
 - Drayage Trucks; and
 - Cargo Handling Equipment
- ❑ Discussions involved zero emission and near-zero emission technologies

Technology providers are encouraged to contact staff for further discussions on technologies potentially applicable to PR 2306

5

Format for Working Group Meeting #2 and Next Working Group Meeting

- ❑ During Working Group Meeting #1, railroad representatives commented on their efforts involving various technology demonstration projects with battery electric and hydrogen fuel cell technologies
- ❑ Staff is providing an opportunity for railroad representatives to present the status and findings of on-going and completed projects in today's Working Group Meeting
- ❑ Technology providers will have opportunity to present on the status of technologies for emission sources at new intermodal facilities at the next Working Group Meeting

6

Next Steps

- Continue Working Group Meetings
- Schedule technology providers to present during future Working Group Meetings
- Provide draft rule concepts

7
