AQMD Board,

I'm disappointed that you didn't respond to my Request for Information. I'll repeat it again. Tho I read your received 13,000 comments so you maybe behind in writing back to me.

How much did it cost you to install your new tankless water heater. Please include the cost of upgrading your electric panel. I wanted to know if your gardeners use all electric power tools while maintaining your gardens and lawns. Do you use a clothes line to dry your clothes? (The ultimate use of solar power). Did you ride your bikes to your board meeting? Or take rapid transit?

Looking forward to hearing from you.
