- (E) The Executive Officer shall keep a record of the commenters and also of the issues raised during the public participation process, for 5 years, so that the EPA Administrator may fulfill the obligation under Section 505(b)(2) of the federal Clean Air Act to determine whether a citizen petition may be granted. Such records shall be available to the public as provided in the California Public Records Act.
- (F) Any person may request a proposed permit hearing on an application for initial permit, permit renewal, or significant permit revision, or for establishment of a general permit, by filing with the Executive Officer a complete request for a proposed permit hearing within 15 days of the date of publication of notice. On or before the date the request is filed, the person requesting a proposed permit hearing must also mail by first class mail a copy of the request to the contact person of the Title V facility at the address listed in the notice.  - (H) Unless there is an objection made by an affected facility, the Executive Officer may conduct a group permit hearing for facilities identified in the public's requests for permit hearings.
- (b) Exemptions
- Permit revision applications eligible for processing using administrative permit revision, minor permit revision, or de minimis significant permit revision procedures shall be exempt from the public participation requirements of subdivision (a) of this rule.
