

## **Arnold Sherwood, Ph.D.**

Arnold Sherwood, Ph.D. consults for the Institute of Transportation Studies, Technology Transfer Program as the Statewide Planning “Field Expert.” Dr. Sherwood also consulted with FHWA and California rural communities in meeting air quality conformity requirements. Projects have included the development and delivery of the first ITS-sponsored Environmental Streamlining workshop, teaching classes entitled “Meeting the Air Quality Conformity Requirement,” and holding seminars on Regional Transportation Plans, Transportation Improvement Programs and conformity for Caltrans Districts and Regional Transportation Planning Agencies.

Dr. Sherwood has also completed a 25-year career with the Southern California Association of Governments (SCAG), where he served as Director of the Forecasting, Analysis and Monitoring Department. He was responsible for management of demographic/economic forecasting and analysis, the Regional Transportation Improvement Program (RTIP), air quality conformity and intergovernmental reviews, transportation modeling and analysis, Geographic Information Systems (GIS), data development and monitoring programs at SCAG.

Dr. Sherwood is a graduate of Princeton University, and holds an M.S. and Ph.D. in Physics from the University of California, San Diego. He also earned an M. S. in Urban Planning from the University of Arizona.
