

Technical Session 4: Nearer Term Strategies

Clean Fuels Advisory Group -
September 19, 2006

2007 AQMP Preliminary Mobile Source Commitments

- Passenger Vehicles
 - Smog Check Improvements
 - Expanded Vehicle Retirement Program and Mandatory Parts Replacement
 - Phase 3 Reformulated Gasoline Modifications
 - Tighter Motorcycle Standards
 - Accelerated Penetration of ATPZEVs Vehicles in Fleet
 - Remote Sensing for Gross Polluter Identification

2007 AQMP Preliminary Mobile Source Commitments

- Trucks
 - Expanded Truck Fleet Modernization Program
 - Additional Reductions from Out-of-State Trucks in California
 - Truck Emissions Tracking and Inspection Program
 - Remote Sensing for In-Use Truck Emissions
 - Accelerated Penetration of 0.2 gr-br-hp-hr Truck Penetration

Expanded Discussion of Two Nearer Term Mobile Source Measures

- Plug-in Hybrids Analyses
- Remote Sensing For Purposes of Identification of High Emitters
