

**LARRY ALLEN**  
Executive Director  
San Luis Obispo County Air Pollution Control District

Larry Allen is the Executive Director of the San Luis Obispo County Air Pollution Control District and the current President of the California Air Pollution Control Officers Association (CAPCOA), which comprises California's 35 local air quality agencies. He also serves or participates on a variety of other statewide, regional and local committees dealing with air quality, climate change, energy and land use policy issues. Mr. Allen has over 25 years of combined professional experience in the air quality field, and was the lead staff in the development and implementation of San Luis Obispo County's Residential Wood Combustion rule.
